

## Are you a Vegetable Levy payer?

Are you **practicing precision agriculture**, such as:

- Controlled Traffic Farming
- Crop Sensing/Imagery
- Soil Mapping
- Variable Rate Inputs
- Yield Monitoring?

Are you thinking of **adopting** any of the above in your vegetable growing business?

Are you **prepared to share your ideas** with the vegetable industry?

A Grower Study Tour of South Australia, Victoria and Tasmania from the 4<sup>th</sup> to the 11<sup>th</sup> of September will give you the opportunity to visit case study farms and share experiences in getting the most out of PA technologies for your vegetable growing business.

Flights, accommodation, coach travel and attendance at the **Society for Precision Agriculture Australia (SPAA) 2019 Symposium** in Launceston, Tasmania are included and covered by the tour.

For further details and to register your interest, contact Celia van Sprang or Gayathri Rajagopal, Department of Agriculture and Fisheries.
